SURVIVORS HAD MANY THRILLING EXPERIENCES

Twenty-Six Members of the Crew of Steamer New Orleans Reach An Atlantic Port--First Officer Swept Overboard

(By Associated Press)
An Atlantic Port, Oct. 13.—The 26 survivors of the crew of the steamer New Orleans, that was sunk off the Atlantic coast, the first of this week, were brought to the United States by a steamer that had rescued them from the New Orleans just as she was about to go down. The survivors arrived today, after many thrilling experiences. Harry Kohlman, a German, first officer of the New Orleans, was swept overboard from the quarter deck and was drowned as he was about to be taken into the rescue boats.

MANY LIVES LOST IN TERRIFIC ENCOUNTER

German Troops Repulsed by French Forces North of the Aisne.

(By Associated Press)
Paris, Oct. 13.—German troops were repulsed after their attacks on the French forces in the sector north of the River Aisne, early today. A considerable loss of lives marked a terrific encounter.

APPOINTED U. S. ATTORNEY FOR BOSTON

(By Associated Press)
Washington, D. C., Oct. 13.—Thomas Doo, Massachusetts, \$30,532,000.

J. Boynton has been appointed U. S. attorney for the Boston district to succeed George W. Anderson who was recently appointed a member of the Interior-State Commerce commission. The appointment has been sent to the senate and will be signed when congress reconvenes. Until that time Mr. Boynton will act under a recess appointment.

TWELVE PER CENT OF ALLOTMENT SUBSCRIBED

Boston, Mass., Oct. 13.—The New England committee in charge of floating the Second Liberty Bond issue announced today that twelve per cent of the New England allotment had been subscribed at the close of business Thursday. The allotment for the New England district is \$500,000,000.

The federal reserve bank of Boston announces the total subscription as \$60,157,000 for the entire campaign until Thursday at the close of business. The total for yesterday was \$10,568,000. The subscriptions by states are: Maine, \$2,733,000; New Hampshire, \$1,170,000; Vermont, \$1,762,000; Rhode Island, \$6,820,000; Connecticut, \$8,825,000; Massachusetts, \$30,532,000.

BRITISH TROOPS MAKE GAINS IN FLANDERS

(By Associated Press)
Berlin, Oct. 13.—British troops in Flanders have made a gain of one and one-fifth kilometers on the German forces. The German line has been broken in two places.

The Portsmouth Herald publishes the local news when it is news.

(By Associated Press)
London, Oct. 13.—The German forces have landed troops on the island of Oesel-Dago, located near the entrance of the Gulf of Riga.

This movement is regarded as one of the most significant in recent months and it is thought that it may be a preliminary attempt to cause surrenders in vital sections. The island is located about 200 miles from Petrograd and one hundred miles from Riga in the northern direction.

ELEVATOR FIRE CAUSES LOSS \$500,000

Fire Believed to Have Been Caused by Spark From Electric Dynamo.

(By Associated Press)
New York, Oct. 13.—Three elevators along the water front in Brooklyn were destroyed by fire early today. Officials of the fire department are to investigate, believing that the fire was of incendiary origin. The loss is estimated at \$500,000.

Superintendent of the elevators, Toulas, states that he was of the opinion that the fire was the result of a bomb explosion. Fire marshal Brophy stated that the fire probably was set from a spark from an electric dynamo igniting grain dust.

NEW ENGLAND GOVERNORS WILL MEET

BOTH TEAMS CONFIDENT OF CHAMPIONSHIP

Attendance at Deciding Game in World's Series Promises to Be Smaller Than in Previous Years

(By Associated Press)
Chicago, Oct. 13.—Interest in the world series was apparently lessened today when it was evident that the attendance at the deciding game between the New York Nationals and the Chicago Americans, would be considerably smaller than in recent years.

The line that is usually waiting for tickets at the box office all the night before in previous series was not on hand and the scalpers' tickets were selling for less today than they have been going for in previous games of this series.

The weather was clear and cold with little chance of there being a rain to mar the last and deciding game.

Both managers stated that they were confident that their respective teams would be the world champions.

There was considerable speculation indulged in as to who would be the pitchers in today's battle. It was stated that either Sallee or Perrett would

TAKE SHIPBUILDING DISPUTE TO SEC. DANIELS

A committee representing the Building Trades' Union of Boston, in the controversy with the Aberthaw Construction Company over the "open shop" plan of the concern for the building of the new \$9,000,000 naval shipbuilding plant for the Fore River company at Squantum left Boston yesterday for Washington to lay the dispute before Secretary Daniels of the navy. If necessary, labor's representatives will lay the entire matter before the President.

Data on the several hearings held between the parties before the Massachusetts committee on public safety have been forwarded to Secretary Daniels by Executive Manager Henry B. Endicott.

The committee includes John T. Walsh, business agent of Boston, Bricklayers' and Masons' Unions; A. J. Howlett, representing the Allied Building Trades of Greater Boston, and Frank H. McCarthy, New England organizer for the American Fed-

eration of Labor.

The failure of the representatives "to eradicate their differences" before his committee led Mr. Endicott to suggest that the dispute be referred to the Washington officials.

Representatives of the Aberthaw Construction Company, according to the evidence laid before the state committee on public safety, want the job done under "open shop conditions." They assert that they were willing to conform to the wage and hour rules, but did not wish to bind the company to the employment of union men only and to some other working rules.

The local representatives of the building trades unions insisted that the Boston union's wage scale must apply on the entire job if any union men worked on it.

Another grievance voiced by the union bricklayers, masons and laborers is that the Aberthaw Construction company carries a corps of its own men, the majority of whom are non-citizens.

KITTERY

Kittery, Oct. 13.—A quiet home wedding took place on Thursday afternoon at 4.30 o'clock, at the home of Mr. Leslie I. Williams of Love Lake, when his niece, Miss Lena S. Ryland was united in marriage to Mr. John A. Furber of Framingham, Mass., the ceremony being performed by Rev. William M. Poirgrave of Portsmouth. The single ring service was used, and only the immediate families were present. The bride was attired in her traveling suit of brown chiffon broadcloth and draped de chine waist. An informal reception followed the ceremony, and a lunch served, after which the newly married couple went to Dover by auto, en route to Portland for a short wedding trip. They will then go to Framingham, where a newly built and furnished bungalow is awaiting them. Mrs. Furber is a graduate of Tufts Academy and a nurse by occupation, and has hosts of friends in Kittery who wish her happiness and prosperity. The groom is connected with the postoffice

in Framingham and is a man held in high esteem in his home town.

Mrs. Susan Furber and son, Albert Furber, of Framingham, Mass., were in town on Thursday to attend the Furber-Ryland wedding.

EXETER

Exeter, Oct. 12.—The semi-annual Columbus Day convention of the Rockingham County Christian Endeavor union was held here today at the First Baptist church vestry.

There were some 50 delegates in attendance. The morning session was opened at 10 by a devotional service led by Rev. H. P. Canthorpe, pastor. This was followed by words of welcome by Miss Grace Lamson, president of the Exeter Baptist Society. The response was by Russell C. Jones of Exeter, president of the County union. The speakers of the evening were Rev. Arthur Burrill of North Hampton on "Christian Endeavor Discoveries," and Rev. James W. Flegg of Exeter on "Both Hands Full of Christian Endeavor Work." A lunch was served at the noon hour in the vestry.

Eugene M. Foss, aged 58 years, died at the Exeter Cottage hospital yesterday afternoon of pneumonia. Mr. Foss was a native of Somersworth but had lived here 19 years and had worked at various callings. He was a son of Moses and Melissa (Langley) Foss, and is survived by a brother, Edward Foss of Rochester, and a nephew, Capt. Alvin E. Foss of the Coast Artillery corps at Fort Stark.

William Gonth of Brentwood, who was to have reported for examination for the draft on August 16, reported today and was sent to Camp Devens at Ayer. Gonth was no "slacker," but had been situated so that his mail did not reach him, he coming here from Bristol, Conn.

The funeral services of William B. Gordon were held this afternoon at the home of his mother-in-law, Mrs. Ruth Lord on Prospect street conducted by Rev. Victor M. Haughton, rector of Christ church. The bearers were fellow employees of a Boston restaurant where he worked. Mr. Gordon was the victim of an accidental shooting affair in Boston. The funeral was under the

Editorial—28 | Business—37

Portsmouth, N. H., Saturday, October 13, 1917.

A dispatch from Washington says Fuel Administrator Garfield is calling for help. This puts him on the same basis with the consumers. It is said that some large coal producer may be named to assist in straightening out the fuel situation, which is generally supposed to have been created by the producers and dealers. It is apparent that the era of cheap coal is not yet at hand.

A Massachusetts judge excused five jurors the other day because they were farmers and were needed at home to harvest the crops. This was sensible, and, as this paper has said, if any class of citizens were to be exempted from military duty it should be the farmers. But President Wilson is right in standing against the exemption of any class as a class.

Three New York men have been sentenced to prison for two years for grafting in connection with the draft, and one of them, an examining physician, must also pay a fine of \$3,000. The penalties are none too severe. An official who will thus betray his government suffers by comparison with the meanest scoundrel in the country.

Food Administrator Hoover is to have the assistance of the secret service in his work, a fact which is liable to mean much to men who imagine that they can ride roughshod over rules and regulations of any kind. Mr. Hoover is taking his work seriously and others will have occasion to do so if any funny business is attempted.

When a man of 73 years takes out a hunting license, as E. P. Sherburne of this city has done, it is safe to assume that he has done some hunting before. A man of that age who wants to get into the woods with a gun has not been a stranger to the open air, which is the greatest life preserver in the world.

Miss Rankin, the congresswoman from Montana, predicts that New York will adopt woman suffrage at the coming election. If it does, no thanks will be due to the militants at Washington, whose antics in recent months will undoubtedly cost the cause thousands of votes in the Empire state.

Enthusiasm in Portsmouth does not wane and every body of men starting for the training camps is given an equally hearty send-off. Regardless of the duration of the war, the year 1917 will be very memorable in the history of this country.

One Oklahoma farmer is feeding wheat to his hogs, his claim being that he can get more for his pork than he could for his wheat at the government price. And those who are buying pork these days will be inclined to accept his statement.

"Let us continue to be victorious," says the Kaiser to his people, according to a dispatch from Amsterdam. And it looks now as if they might continue to be victorious in the same way they have been for some time past.

The German naval forces are said to be preparing for a big drive. If this is true there will be interesting developments in the near future. There are those who have been anxiously waiting for them for some time.

All who are able and willing to knit for the soldiers should prepare to do it now. The local chapter of the Red Cross has plenty of yarn and there is a wide opening for all who are ready to manipulate the needles.

It is expected that the Plattsburg training camp will take about half a million dollars' worth of Liberty loan bonds. It must be that there is a lot of students there who are not soldiering for a living.

Smokes are also a little higher since the new tax went on. But this is no reason why the soldiers should not be well provided for, and a generous-hearted people may be trusted to see that they are.

It is said that every city and town in New England will soon have a committee for fixing the prices of coal. Let it be hoped that this will not be a case of "too many cooks spoiling the broth."

The Kaiser is reported to have given his jewels to help meet the German war debt. He must have had a large stock if the gift is to cut much of a figure in that direction.

President Wilson signed the war tax bill without any formalities. This is a good time to dispense with formalities and get down to realities in all things.

New York city took a mighty bunch of Liberty bonds right at the start, and it was in a position to do it. That city is now the money center of the world.

EDITORIAL COMMENT

The Ringing Call of "Dixie"
(From the Atlanta Constitution)
"Dixie" stirs them all. It's the one "home-tune" with a sure thrill in it now and for all time. It is a world-warmer—a world-awakener; just what the old Southern dicker would call a "fish" tune!

A remarkable demonstration of this was given recently by a Seattle audience, waiting to be addressed by former American Ambassador Gerard. The Seattle Post-Intelligencer says that—
During the hour of waiting, 7 to 8 o'clock, the great audience sat talking quietly about the war. At 7:30 o'clock the band burst forth the inspiring strains of "Dixie." A gale of applause swept the arena. The enthusiasm grew until, as one person, the 6000 persons stood, cheering wildly. "That's right, stand up!" cried a grizzled old soldier.

There was a weariness of waiting for the orator of the evening after that and when he came the band gave him a "Dixie" greeting; and responding to it, Mr. Gerard said:

"If I am not heard clearly, let me know, and I will turn on more steam. The playing of 'Dixie' reminds me that a brave people can go to war and be blockaded and suffer defeat, as did our brave people in the South without resorting to flame-throwers, poison gas and baby killing."

That was a fitting introduction to a patriotic speech before an audience of patriots.

"Dixie" reminds them of the old days while it is a ringing call to the patriotism of the new. It is as if the people had said: "Dixie! and the Old Flag Forever!"

The music of "The Star Spangled Banner" receives cordial dignified recognition, the people slowly rising to its measured strains; but "Dixie" is a rise with a rush, whether they will or no!

"I can't keep my seat when the band plays 'Dixie' said an eminent Englishman. 'I'm up in an instant, cheering with the crowd!'"

And "Dixie" is played over there now! It put "God Save the King" in the background when the American troops marched through the streets of London on the way to the western front.

For our boys stepped like as the spirit of "Dixie" and men and music won the cheering crowds.

Never mind how they change the words of it, as an enthusiastic old veteran has said: "They can't run away with the tune!"

The people have made "Dixie" the national anthem!

One Common Issue

(From the Springfield Union)
So far as loyalty to the Government is concerned, both parties in Massachusetts stand on the same footing. The campaign therefore narrows down to State issues, and it is squarely up to the Democrats to show cause why Mr. Minchfield should succeed Governor McCall or what State succeed Lieutenant Governor Coolidge.

Under a Liberty Bond Barrage

(From the Baltimore News)
If we were not in the war the Allies would not be firing ten shells to Germany's one. They might be firing two or even three, but not ten; and even so their expense would be disproportionately large, for they would be buying their munitions from our manufacturers, at our own exorbitant prices, while Germany was practically commandeering her material, certainly concealing her labor. Gains of a mile or so would not be worth such cost; for long before real military decision could be hoped for the purse would run dry.

But we are in the war. It was American dollars, the assurance of our inexhaustible resources, that fired the deadly hurricane of shells last week and finally sent the British troops a mile forward under their protecting barrage. It was American dollars that have now let loose another hurricane and sent the troops yet another mile forward. And it is American dollars, this Liberty Loan, the next, perhaps, perhaps still another next, the great wealth of this nation, pledged to victory that shall keep the offensive coming faster and still faster.

The first sign of approaching distress for Germany, this piggishly hoarding of shell at the cost of territory, undoubtedly. But with a challenge of her ability to retrench, against our ability to spend, it is for us to take up that challenge; to keep going; to bang and bombard and fire and charge with those Liberty bonds, \$50 bonds at a time or \$1,000,000 worth of bonds. It's the way to win. Germany has told us so. And Germany knows.

Observations of a Farmer During Carnival Week.

We are from Hampstead way, but having heard that Portsmouth was opening its heart to the farmer, and being an infrequent visitor to Portsmouth since moving from York, we thought it a good opportunity to come over. After listening to the band concert and looking over the windows with their beautiful displays, it seemed to us that Portsmouth was not so far away after all and never were fruits or vegetables so attractively exhibited. They looked entirely different than at the fair, being not only neatly arranged but enhanced by the beautiful windows and arrays of merchandise. There can be no question that the townspeople who never visit the coun-

try fairs or horticultural shows wondered what could be the object of such display. In fact a merchant told me that so many people never looked into his windows at one time in the history of the store and that if they had a harvest carnival another year he would give both of his windows for the display of farm products.

It seems to us that at last the right method is found to educate city folks to the advantages of obtaining fresh vegetables and fruit from the farms in their county as the majority of people who saw the windows would not pay admission to a hall or private show. Passing a beautiful collection of canned goods, the working man's mouth must have watered and no doubt he inquired from the grocer or the man from whom he bought his shoes or clothes, where these farm products were raised and was surprised to learn that Rockingham and York County farmers are ready and willing to supply him through local tradesmen at any time he desires to eat such delicious products. This is the man who needs to be educated and a Harvest Carnival week such as promoted by the Chamber of Commerce and the men who suggested the idea, in my humble farmer's opinion, is in the right direction for such an education of the farmer, merchant and consumer. The possibilities are so tremendous that, in talking the matter over, we wondered if it was not possible another year to give the whole week of Oct. 1 to such a carnival in order to attract the farmers and their exhibits from all over the county, and ask the merchants to have special sales for that week whereby it will be possible for the farmers and their families to do their fall shopping at such a discount that they would receive a real benefit and also become acquainted with the tradesmen.

While in town we heard of a contemplated deal whereby a building for storage is to be purchased by the Rockingham County Farmers' Association so that we can store eggs, butter, fruit and other produce. On inquiring, we were directed to Mr. Allen of the Armour Co., who not only explained the plan but also told us that with this building in operation that he would be able to purchase meat, poultry and eggs in this section rather than in the West South and other outside places. If Mr. Allen realizes the possibilities of this project as well as the saving of freight and express, why should not every tradesman in town encourage home production and give us the benefit of living wages which means increased population of our county and added business in Portsmouth. I hope that no selfish motive on the part of merchants and tradesmen of Portsmouth will prevent this deal from going through as it means, in my opinion, more to the prosperity of the Rockingham County farmer and Portsmouth than can be estimated at this time.

We have heard Mr. Farmer, president of the Rockingham County Farmers' Association, speak several times and he told us that the population of towns in the county has not increased since 1870 and by looking up statistics, we found him to be correct. With the Rockingham Farmers' Association, alive to the opportunities of the future, we fail to see why Rockingham County towns and seaport city should be stationary in the future if bankers and merchants co-operate with our farmers' organization and to quote Mr. Farmer again, "Host the farmers' game with the same enthusiasm as our brother farmer in the west and south host their farming industries."

I am sure that the men and women in our party left Portsmouth very much impressed with the idea of Portsmouth becoming the headquarters for marketing of our produce and that if the city continues to wake up to these possibilities, the farmers will be willing to do their part. There is no reason why my family and I should trade in Haverhill and Lawrence except that we have sold eggs and vegetables in these towns but if some attraction was offered by the Chamber of Commerce, business men and bankers to trade in Portsmouth and they would assist us in marketing our products at fair prices, we would be sure to spend our money here instead of outside of our county.

Let me suggest to the Chamber of Commerce that next year they start advertising their Harvest Carnival eight weeks in advance, that they furnish attractions to draw the crowd and induce merchants to have special sales during that week. With windows showing the farmers' produce and the farmers outside mixing as they will be enabled to do through attending the display and other attractions, Portsmouth should have more visitors in one day than the old town has seen in any one previous year.

An Interested Farmer,
A. J. WILLIAMS,

CUBAN RED CROSS SOCIETY TO EQUIP HOSPITAL UNIT

Prominent Cuban Women Set Out to Raise Fund of \$1,000,000.

(By Associated Press)

HAVANA, Oct. 12.—The Cuban Red Cross society of which Mrs. Mariana Menocal, wife of the President of Cuba, is chairman, has begun the work of equipping a 100 bed hospital unit, manned by a staff of Cuban physicians and nurses for active service on the western front in France. This enterprise which will reach completion at an early date, is to be financed by a fund of \$1,000,000 which Cuban women prominent in society here, have set themselves out to raise.

Announcement of the plans of the Cuban Red Cross followed a special meeting in the presidential palace here, presided over by the wife of the president, and attended by all the Cuban Red Cross directors and representatives of various government departments and the Cuban press.

The encouragement the Red Cross has received from capitalists through out the island republic and the progress made in assembling the equipment and the training of volunteer workers and the Red Cross officials to believe that before the fund has been completed, the unit will be ready for service. Co-operation which was recently inaugurated between the Cuban and the American Red Cross officials has helped to make this Cuban unit possible.

With upwards of \$100,000 already in hand, in advance of the canvass for the million dollar fund, various steps some of them unusual in this connection are being utilized to bring the fund to a quick completion. Each sugar "ingenio," or plantation mill, in Cuba has been asked to set aside \$1000 for the Red Cross and many of them already have done it.

A national Red Cross tag day to be observed in all parts of the republic likewise planned and according to the announcement of Mrs. Menocal, workrooms have already been opened in the old Havana postoffice a complete Red Cross workshop is in operation with electrically operated sewing machines donated by Mrs. Menocal and Senora Blanca de Martí, wife of the Cuban minister of war and navy.

Representatives of the Cuban press have donated space for the enterprise and today the Red Cross flag in this city is almost as familiar as the national colors. Instruction in the making of Red Cross materials is being supervised by Mrs. Carlton R. Kent, wife of the U. S. naval attache here, and Mrs. W. G. Ames of the Havana branch of the American Red Cross.

MAKE MONEY TALK TO GERMANY

Every subscription to the Liberty Loan is a direct personal answer to the slurs the Germans are heaping on the United States. They have sneered at our "phantom army." Our regulars have reminded some Germans of "Pitts' Guards." Hindenburg will make short work of the recruits and

volunteers from the other side of the Great Pond" is another scornful promise to still further delude the Kaiser's people. This is a change of tune from what we were accustomed to before we entered the war. The German estimate of America from the beginning of hostilities in Europe until last spring unquestionably was accurately reflected in the deeds of the Berlin agents; the sneers now are a whistling to hide chagrin and maintain an appearance of courage. If that is not so, for what were the millions expended here by Bernstorff authorized to be disbursed. Germany would not waste its money to quiet a nation of which it stood in fear. Germany would not have bribed untold numbers of men with fabulous sums of gold to injure the American industries if these industries were not regarded as potential factors in the defeat of its terrible schemes.

The millions spent by the former ambassador as reveals all various ways in the past and lately through investigation of operations of Bolo Pasha on suspicion of being a German agent, tell truly what the military clique of Berlin thinks of America. If they are in any uncertainty as to our power, sentiment and purpose it is to be attributed to hope that their dirty money worked to their advantage. Would any American have then believed they had undermined in the slightest our patriotism? The young men who have gone and are going to the army camps are one unmistakable answer. The success of the Liberty Loan will be another. So come forward with your subscriptions in support of the war to make America safe, and in vindication of American honor and courage viciously aspersed by the enemy.—From the Pittsburgh Gazette Times.

UNCLE SAM WANTS 10,000 STENOGRAPHERS AND TYPEWRITERS AT ONCE

Washington, D. C., Oct. 13.—Now that Uncle Sam has had the young men of the country in training for military service he finds that he needs 10,000 stenographer operators and typewriters and typewriters both men and women for the departments at Washington. The civil service commission has notified all of its 3600 boards of examiners that they should put forth their best efforts to secure these urgently needed workers. While examinations are now held weekly in 450 cities, the commission states that arrangements will be made to have an examination held at any accessible place where a small class of applicants can be secured. The entrance salaries range from \$1000 to \$1200 a year. Promotion is reasonably rapid to those whose services prove satisfactory. No appointments can be made to these or other positions in the federal classified civil service unless authorized by the civil service commission under the civil service law. Any information to the contrary is unauthorized. This is a splendid opportunity to serve your country. Full information may be secured from the secretary of the board of civil service examiners at the post office in your city.

OTHER "EXTRAVAGANT CLAIMS"

The Department of Agriculture has issued a statement warning farmers against "extravagant seed claims" made by people who have seed wheat to sell. Good! But it is too bad the department couldn't have issued a statement last fall warning farmers against politicians who have made extravagant "keep-us-out-of-war" claims.

PERSHING TO FACE OLD FRIENDS

With the French Armies (by mail)—When the victorious French poltroons swept up the slopes of Mont Homme recently the fortunes of war brought together on the same field of battle three generals, who as lieutenants, had served together as military attaches with the Russian army in the Manchurian campaign.

One of these was Gen. Corvisart, commanding the troops who wrested the final possession of Mont Homme from the Germans. A second one was Gen. Pershing, commanding the American expeditionary corps in France. The third one will be named later.

During the Russian-Japanese war, half a dozen not the military attacks of the great powers messed together and constituted practically a little family. All of them were lieutenants then. When Corvisart and Pershing, both of whom have become generals since then, met by accident just before the second battle of Verdun, and renewed their old Manchurian acquaintance and friendship. Gen. Corvisart invited Gen. Pershing to witness the impending battle on the left bank of the Meuse from his own observatory. As the battle progressed, the generals exchanged reminiscences and asked after other members of the old-time mess.

Gen. Pershing asked what had become of Lieut. —, the British member of their attaché mess, and was surprised that he had died with the rank of colonel early in the present war.

Then a gleam of new interest suddenly came into Gen. Pershing's face. "But Von Etzel," he asked, Lieut. Etzel, the German attaché and member of our mess? What do you suppose has ever become of him?"

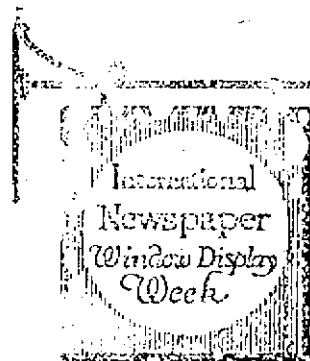

"Oh, Von Etzel," replied Gen. Corvisart, with an even greater gleam of pleasure in his face, "Oh, he too is a general now." Then turning suddenly towards the battlefield, he added, "And if you will look quickly, mon general, you will be just in time to see my victorious poltroons chasing the tail end of Gen. Von Etzel's army over the crest of Mont Homme. Gen. Von Etzel, our former companion of the Manchurian mess, is the German general commanding in front of me."

THE DEALERS HAVE ANSWERED

Mr. Manufacturer! Mr. National Distributor! Mr. Advertising Agent! You frequently ask the question: "What kind of advertising interests the local dealer?"

The merchants in this and 400 other cities of North America have answered your question this week.

They have put the goods in the window and have told you why they have put them there.

The products they displayed were all newspaper advertised products.

They chose these because they know it pays storekeepers to co-operate with newspaper advertising.

They want to encourage more manufacturers to use advertising in the daily newspapers.

Manufacturers and others interested in the results of International Newspaper Window Display Week are invited to write to the Bureau of Advertising, American Newspaper Publishers Assn., World Bldg., New York.

APPOINTED A VICE CONSUL

Mr. Samuel J. Fletcher, a clerk in the Industrial Department of the navy yard, has been appointed a United States Vice Consul at Barranquilla, Colombia.

Mr. Fletcher was born in this city, but has lived for some years at Kittery Point, is a fluent Spanish student, and he has been taking a special course at Columbia University. He will report for duty in a few days.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" relieves stomach distress in five minutes.

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really astonishing.

MAY VISIT THIS NAVY YARD

Secretary of the Navy Josephus Daniels will be in Boston on Oct. 20 and he will inspect the navy yard, Commonwealth Pier used as a training station, the Harvard Radio Station and Bunkin Island. Later he is expected to run up to this city to look over the yard and training station.

ELIOT

Eliot, Oct. 13.—First Congregational Church, Rev. D. T. Conlon, pastor and preaching, Oct. 14: 10:45, Worship and preaching. Special music, Sermon, topic, "Success, Real or Visionary," 12:10, Sunday school, Mr. Livermore, superintendent; 7:30, Evangelistic, long service. Short address, "Union." Annual church meeting. Also society meeting on Tuesday evening, Oct. 16th in the vestry at 7:30.

Mrs. Elmer Tucker is confined to the house as the result of a bad cold.

Mr. Livermore has sold his house on the Hill road to Malden people and has moved his family to Lanier Camp where he is to be in charge for the winter.

Mr. Lavansellar is enjoying a vacation from his duties at the navy yard. Many of the teachers in town attended the penmanship demonstration at Trapp Academy, Kittery, on Friday evening.

Mr. Fred Wilson is employed at Margeson's Portsmouth, for the winter.

The John F. Hill grange is making

A YARD OF DAISIES IN THE CHORUS OF HENRY W. SAVAGE'S "HAVE A HEART" COMPANY.

RYE

Rye, Oct. 13.—Rye Grange was inspected by Deputy Fred B. Philbrick last evening. A large number of members were present and twelve visitors. A fine supper of fish chowder, pickles and all kinds of pies was served. Committee in charge was Orville E. Varrill, Mr. and Mrs. John D. Marston, Mrs. Albert Drake and Miss Alice Brown. At the next meeting neighbors night will be observed with North Hampton and Stratham Granges as guests. The committee in charge of that supper will be Mr. and Mrs. George Haines and Mrs. Ruth Marden. The Ideal Club met with Miss Edna Brown last Monday evening with a large number present. Plans were made to give a whist and dancing party in Rye town hall on Monday evening, Oct. 29, for the benefit of the Red Cross.

The Friendship Club begins its annual series of whist and dancing parties on Wednesday evening, Oct. 24. The proceeds from all the Friendship Club parties will go to the Red Cross this winter.

Plans are being made for the annual church fair of the Congregational church. General committee in charge, Mrs. H. Russell Sawyer, Mrs. George Rogers, Mr. Archibald Finlayson.

The rally day service last Sunday in the Congregational church was most inspiring. "Faith of Our Fathers" was the theme and all members of the Sunday school contributed to make it impressive. Mr. Plagg, the pastor, gave a fine address, reminding his congregation of the aims and purposes of the Pilgrim fathers. He called attention to the three points of interest in Colonial days which have come down the years in steadfastness of purpose, first the Church, then the school and finally the town or community.

Under the pastorate of Rev. James W. Plagg, the Congregational church of Rye is bound to become a power in the community. The services in the morning are increasingly well attended. The pastor chooses his themes in the morning services from the fundamental principles in the Bible and in the evening service applies them to modern living.

OLDEN TIME.

Portsmouth Ships in the California Trade.

As a proof that this "Old Town by the Sea" was an active element in the commencement of the world, note the ships that were at one time lying in port at San Francisco, most of them commanded and owned by Portsmouth ship masters and merchants.

The ships were named as follows: Izette, Ann Mary Ann, Ann Parry Crescent, Apollo, Sarah Parker, Paetolus, Triton, Columbia, Caroline Augusta, Charlotte, Hamilton, Neptune, Josephine, Huron, Witch of the Wave, Sloop of war Portsmouth, Empire, the famous Typhoon. These were not all in active service, but once received their baptism in the deep waters of the Pacific.

The revival in shipbuilding now in progress on the upper Piscataqua may determine a bright future for our city. Why know?

Portsmouth ships in the olden days made swift voyages. The Typhoon built by Fernald and Pettigrew, Captain C. H. Salter, made the passage across the Atlantic to Liverpool in 11 days; also from New York to San Francisco in 104 days, beating the celebrated New York slipper ships Sea Witch and Eagle, the former by sea days and the Eagle by 21 days.

The Portsmouth steam factory in 1851 was employing 400 operatives consuming 1200 tons of coal and manufacturing 2,500,000 yards of lawn. The managers believed in prohibition, a notice reading as follows:

"No hands must be allowed on the works who use ardent spirits as a common drink, who use profane language, who do not attend some place of public worship on the Sabbath, or who are otherwise dissolute or irregular in their habits."

The ship Josephine, of 947 tons, was launched from the yard of Samuel Hanson, Jr., at a point opposite the new shipyard at Newington, on the Eliot shore. Captain William Jameson of Saco, Me., was in command.

An ancient painting of "Daniel in the Lion's den" is thus described in a publication of a century ago: "Daniel can be easily distinguished from the lion. He is seen with a green umbrella under his arm."

It is 65 years ago Oct. 16 that one of Portsmouth's best known market women died at Eliot, Me. Few people remember Hannah Mariner, who for 50 years was perhaps the most active and prominent trader at the Old Spring Market. She was called "Commander of the Fleet" of boats that came from Eliot and Kittery loaded with garden products. Pulling cross handed in her canoe, she came from Eliot, four miles up the river, and arranged the location of the fleet of boats and canoes that tied up at the market. She was much displeased with the title of commander and resented it on various occasions. Her honesty in business methods was never questioned. She died at the age of 75 years.

Pointons at 25 cents per bushel, so says the Portsmouth Journal of Oct. 16, 1852.

The first snowstorm of 1852 was on Friday, Oct. 15, following a rainfall. The thermometer registered 34 degrees. Francis Marden, a farmer living on Lafayette road exhibited a squash weighing 83 pounds on Oct. 13, 1862, at the store of Mr. Nutter. This outweighs the squash recently on exhibition at the fair.

RED LETTER EVENT IN LOCAL AMUSEMENTS

An extraordinary attraction at the Colonial Theatre on October 18 will be Henry W. Savage's latest success, "Have a Heart," the multifarious and instantaneous musical comedy that scored so instantly in New York last winter. This up-to-the-minute combine of joyous humor, feminine beauty and fascinating melodies is the joint product of Guy Bolton, P. C. Woodhouse and Jerome Kern, a distinguished trio who have collaborated in contriving the greatest musical comedy success of the period. "Have a Heart" is a red letter event in local amusements and will crowd the theatre to capacity, so timely applications for reservations should not be neglected.

WINTER HAS SET IN IN MAINE

(By Associated Press)

Houlton, Me., Oct. 12.—Arroostook County was shut off today from the outside world owing to a heavy fall of lamp snow that broke down telephone and telegraph lines and shut off the electrical power.

NEWINGTON

Newington, Oct. 12.—The pupils had a holiday on Friday, Columbus day. The East Rockingham Pomona grange held its meeting at the Town hall on Wednesday, Oct. 10. The closed meeting was held in the morning after which a nice dinner was served. Notwithstanding that Wednesday being a wheatless day, and no white bread served, the viands looked very tempting. Meats, beans, salad and pies of various kinds graced the table. At two o'clock the meeting was thrown open to the public and a large attendance of the nearby towns listened to the instructive and interesting discourses on Liberty Loan Bonds, Conservation of Food and the Keeping of Bees, by able speakers.

Mrs. Josephine Hoyt, Mrs. Justin and family attended the wedding of Miss May Rand of Portsmouth on Tuesday.

Misses Jennie Rowe of Massachusetts is passing the week with her sisters, the Misses Abble and May Frink.

Ex-Mayor Badger and wife of Portsmouth attended the Pomona grange meeting on Wednesday.

Mr. Delano is the owner of a new automobile which he purchased recently.

The farmers are engaged in harvesting their crops of apples. The crops in this vicinity are not turning out well. The early frosts injured, and in some places destroyed the late crops, thus proving that the farmer does not know what he has until the harvesting is ended.

Mrs. Benjamin Hoyt is entertaining her niece, Miss Googins from Hiram, Me.

Mr. John Rowe and family of Massachusetts spent Sunday with his aunt, the Misses Frink, making the trip in his auto.

The autumn foliage, as usual, is beautiful and many people from the city ride into the country at this season of the year to enjoy the grand scenery.

Miss Mary Pickering was a visitor in South Eliot recently.

QUESTIONABLE POLICY

Australia has issued a proclamation prohibiting importation of apples with out written consent of the government. Undoubtedly some regulation of shipping in order to conserve ship space is necessary, but if this order seems that Australia regards apples as pure luxuries, a mistake has been made. "An apple a day keeps the doctor away" is just as true in war times as in peace. And there is nothing to excel the American apple.

SOUNDS LIKE GERMAN STUFF

(By Associated Press)

Washington, Oct. 12.—Declaring that efforts to disorganize the work of the American Red Cross are being made in various sections of the country, as part of an anti-patriotic propaganda, General Manager Harvey D. Wilson today telegraphed all Red Cross division managers to begin a nation-wide campaign to trace the movement to its source and combat it. Many of the stories, utterly unwarranted in fact emanate simultaneously from too many different parts of the country to be merely accidental, the telegram says.

LIBERTY LOAN COMING SLOW

(By Associated Press)

Washington, Oct. 12.—The second Liberty loan has advanced but \$18,650,000 over yesterday, and the total is still below seven per cent of the \$5,000,000,000. The returns today including up to the close of business Oct. 11 from eleven out of the twelve federal bank reserves shows a total of \$344,195,550. At this rate it would take eight or nine months to complete the loan.

Figures given out today show Boston \$48,700,000; New York, \$28,627,000; New England made a gain of \$6,000,000 which was the largest for the day.

MAY CALL MORE DRAFT MEN

(By Associated Press)

Washington, Oct. 12.—Discussions of the advisability of calling out the second increments of the national army is being held at the War Department. There is some talk of calling the next draft in November or December. There has been a big shortage in the first draft owing to the large number of men who have had to be shifted from the National army to fill up the gaps in the national guard.

BRITISH INDUSTRIES ARE ACTIVE

An official bulletin informs us that exports from the Bradford, England, consular district in the United States in July, 1917, were about 8 per cent greater than in the corresponding month of 1916. England is keeping a good many of her industries in first class working condition notwithstanding the war.

UNITARIAN SESSION CLOSED

Littleton, Oct. 12.—This noon brought to a close the annual conference of the New Hampshire Unitarian association which was held in Littleton Wednesday and Thursday morning of this week. The conference has been a great success and many of the New England clergy and their wives have enjoyed the generous hospitality of Rev. P. J. Robinson and members of the Unitarian church, at the same time enjoying

the White mountains in their autumnal glory.

The morning session opened at 9.30 o'clock with devotional service, led by Rev. Otto B. Duerr of Laconia, N.H. Edmund B. Gearhart of Manchester gave a short address on the subject, "Religion Valueless Except as a Philosophy of Life." The second address of the morning was an interesting one on "The Leadership of the Church in a Village Community," by Rev. Edward P. Daniels of Wilton. Following the addresses very lively and helpful discussions by the several ministers were listened to. The session closed with a business meeting, at which the resolutions drawn up by Rev. P. J. Robinson were sent to Rev. Henry O. Ives, now a private abroad, were adopted. The following officers were chosen for the ensuing year: President, Hon. J. O. Lyford, Concord; vice president, J. J. Donahue, Manchester; recording secretary, Rev. N. S. Mitchell, Keene; general secretary and treasurer, Rev. H. C. McDougal, Franklin; directors, Rev. H. R. Williams, C. W. Bridden, Concord; W. S. Howe, Nashua; R. W. Sullivan, Franklin; Mrs. David Whitney, Wilton; Mrs. H. S. Mitchell, Keene. The women's alliance served an elaborate dinner to the guests at Horton hall, after which they left for their various homes.

Rev. A. H. Reed of the Episcopal church and Rev. Dr. J. Foote of the Methodist Episcopal church were guests of the conference and each took part in the discussions.

ADM. MAYO BACK FROM ENGLAND

(By Associated Press)
Washington, Oct. 12.—Admiral Mayo commander in chief of the Atlantic fleet, and his staff, have returned from England, where they participated in a naval conference with the allies. This announcement was authorized today by the navy department.

The statement authorized by Secretary Daniels follows:
"Admiral H. T. Mayo, United States navy, and his staff, have returned from England. The purpose of the visit of Admiral Mayo to England was to permit him to confer with officials of the allied navies, to become intimate in every detail with the situation as it is at present, what has been done before, and to discuss the plans for the future. The British admiralty extended every courtesy and every facility to promote the success of this mission.

"Admiral Mayo will proceed immediately to Washington and will there make a full report to the secretary of the navy. Admiral Mayo visited the English fleet and our own forces in British and French waters in order that he might familiarize himself with the conditions under which the allied forces are operating."

The fact that Admiral Mayo had been sent to England for a conference with Admiral Sims and the British and French naval officials was disclosed to the press at the time of his departure with the request of the government not to mention the trip in published statements until an authorized statement was issued. Except in one or two instances, the request was generally carried out by the American newspapers.

No details of Admiral Mayo's conferences have been made public nor the nature of his instructions known.

MUST STAND BY ADMINISTRATION

We have been forced into the great world-war against our will. Now that we are in it, there is but one thing to do. Let every citizen stand by the administration, ready, willing and eager to do everything that he can, to insure a speedy and successful outcome.

The people of the country do not yet realize the gravity of the situation. We hear it said on every hand that the war will not last long, that Germany is practically beaten, and that it will be all over before our boys can get there. It is a waste of breath to speculate as to when the war will end. So far, every prediction has failed. Why continue? Let us face the situation as it stands now. Russia is crumbling on the east; Italy is maintaining herself; England is pounding hard on her end of the line; and France, glorious France, is performing deeds of valor that are beyond praise. The dogged determination of the French line, whose slogan is, "They shall not pass, they shall not pass," is a record that has never been equaled, if, indeed, it has been equaled in the history of the world. The success of the allies in this war will save democracy and human liberty to the world, but no matter what is done from now on, France must ever be remembered for the magnificent sacrifice she has made and the splendor of her achievements. God grant that her line may hold until our boys reach the front in such numbers that they may assume part of the burden, inspire courage for renewed effort along the hundreds of miles of battle line, and drive back in confusion, defeat and disaster, the most cruel, relentless and maddest war lord upon whom the sun ever shone.

The splendid army of France today is not due alone to courage and enthusiasm, but mainly to the fact that France adopted universal military training after her sad experience of 70-71, so that her men now understand the game of war. Further, she has eliminated politics from her war department, so that now expert authority and not bureaucratic stupidity governs, as it once did.

I was told of Doan's Kidney Pills and as I am on my feet all the time while working, I decided to try them. They gave me relief from this pain and I have nothing but good to say of Doan's Kidney Pills."

brought to realize that this is our war and we must shoulder the responsibility of winning it. Our greatest need is trained men. If Russia falls, it may require not only hundreds of thousands, but millions of the best bone and sinew of our land to win the victory. Hence, we must prepare and train, not only the army now called, but the younger men who come along to make them take the places of those who may fall.

Our young men not only need the training and the physical development, but they need discipline perhaps more than any other young men in the world. Universal military training will do a great deal more to develop American manhood to its best estate and give us stronger and better citizens for the future than any other instrumentality. One of our prominent business men told the writer that his boy, an awkward, loose-jointed lad, spent seven months on the Mexican border, under rigorous discipline. He said, "He came back a man; he stood erect; he could look me squarely in the eye. I had been brought about in seven short months to see the transformation that months all of which was to the good."

At its next session in December, congress should probably pass the Chamberlain bill or some such measure and make universal military training a fixed policy of the government. It is the best way to safeguard the future and make democracy a fact instead of a dream.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If peevish, feverish and sick, give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a tea-spoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

COUNTRY CLUB TEAM MATCH

The annual team match and supper at the Portsmouth Country Club was held on Friday and it was one of the largest attended and most successful of the year. There were twenty-five pairs matched and the result was very close. In fact, the last pair in decided the match.

The teams were captained by Joseph P. Conner and L. G. Peyser and Mr. Conner's team won by one match, or by 12 to 11. The men were matched based on their handicap rating and there were two tie matches and all of the others were closely contested. The losing team immediately became the host of the winning team and they royally entertained.

The result of the team match was as follows:

FOOD PRICES TO BE HELD IN CHECK

Washington, Oct. 11.—Food prices will be held in check by the sweeping governmental control of staples announced to President Wilson's proclamation today.

Herbert C. Hoover, who will put the President's order into force Nov. 1, is not certain it will reduce prices to the average consumer. He is determined, however, to control the "stakeholding" in individual sectional and class privilege, backed by demand and threat," of which he says he receives daily evidence.

Stimulation of production is Hoover's dominant thought. With these policies before him, he today formulated rules, regulations and licenses for every big importer, manufacturer, or distributor of wheat, rye and their flour products, oats, corn, rice, dried beans, food oils, milk dairy products, canned goods, sugar eggs poultry, dried fruits and other staples. The amount of detail involved is enormous. More than 100 girls are already employed in the mailing division alone and the food administration is spreading.

MERCHANT MARINE TAKEN OVER OCT. 15

(By Associated Press)
Washington, Oct. 12.—Braniff Colby of the Shipping Board announced tonight that the date for taking over of the merchant marine was set for Oct. 15. The requisition will include all of the ships of a cargo capacity of 2500 tons. Later the ships of lesser tonnage down to 1500 tons will be taken.

BRITISH MAKE MORE GAINS IN FLANDERS

(By Associated Press)
For the first time since he started his series of attacks in Flanders against the German lines, Field Marshal Haig, the commander-in-chief of the British forces had to cease an operation before all the objectives had been obtained. A heavy rain made the surrounding country a swamp, almost impossible to pass over.

The drive was started early Friday morning from the Houtholst Wood to below the Ypres-Memlin road. At several points the British were able to gain to a depth of 2000 yards, but here the rain intervened and the battle was practically suspended. During the drive over the six mile front the British took about 700 prisoners.

The struggle was especially severe at Poelepelpe and also at Passchendaele. In the latter region the Germans had evidently massed their strong troops in expectation of the attack and for several hours before dawn they laid down a heavy barrage fire.

Considerable artillery fire is reported from the Chemin des Dames in the Champagne region and also in the Ypres sector, but no important infantry action has taken place.

In the Austro-Italian and in Macedonia, the big guns seem to be doing all of the work.

In the Riga section the Russians have been compelled to give ground to the Germans under a heavy artillery fire. Further south the Russians in a counter attack have recaptured positions lost.

COLUMBUS PARK DEDICATED

(By Associated Press)
Boston, Oct. 12.—The dedication of Columbus Park, said to be the largest salt water park in the country was held today with the exercises in South Boston. Thousands knelt at the mass when Cardinal O'Connell blessed the park. Twenty-eight societies who were to have presented the city with a large flag arrived late and through a misunderstanding there was nobody to receive them.

MUSICAL LETTER From Dr. Goodall

It is a well-known fact that Dr. Goodall has been prominent in musical societies, choirs, cantatas and public concerts and lectures for the past 40 years. He has retained his health and vigor and his robust baritone and tenor voice is now well developed and full of resonance, so that he offers his services to the public as a leader, director or preceptor, to organize and drill choirs and choruses (large or small) for musical societies or public concerts. Dr. Goodall can also be engaged to supply in quartet choirs either at tenor, baritone or first base, also as soloist for concert work. He solicits especially engagements for campaign songs, patriotic, comic, war songs, best of classic songs, college songs, national songs of all nations, slave and jubilee songs, temperance and Grange songs, Grand Army songs, concert songs, descriptive songs. Our repertoire consists of 700 dear old songs, secular and sacred, home songs, heart songs, children's songs, story songs and historical songs.

Dr. Goodall has had nearly 50 years of service in church music, both choirs and choruses, and can show church music committees and ministers how to get the best music at a moderate cost, which will fill up the empty seats quickly. There is nothing in this world, in my judgment, which will attract and bring happiness to so many people, young or old, as good music.

Dr. Goodall can also be engaged by ministers or church committees to supply pulpit or sing special Gospel Hymns or solos.

As soon as he sells out his office and dental business he will devote all his time to music teaching, vocal music and voice placing for both ladies and gentlemen, also diaphragmatic or deep breathing, which is essential for singers, and is also hygienic and a promoter of health. Call on him now and make appointments for private lessons day or evening.

Dr. Goodall is well prepared by 35 years of diligent Bible study and many years of Y. M. C. A. work to preach the Gospel as well as to sing the Gospel on the Lord's Day. He has made arrangements with the Ministers' Association through Mr. Percy Caswell, secretary of this association, to supply churches in the county or city whenever opportunity offers. So many ministers have enlisted and gone to the war that over 50 per cent of new students are lacking and there is an urgent need for help now, so Dr. Goodall will be now recognized as the "Singing Evangelist," singing my several hundred Gospel Hymns and classics and old hymns from the best authors, whenever occasion offers.

NOTICE CAREFULLY.—Until Dr. Goodall sells out his office and dental business he will attend to all his patients in dentistry as usual, but it would be well for those patrons to make engagements with him directly or they will lose this opportunity now offered.

BRITISH RENEW ATTACK IN FLANDERS

London, Oct. 12.—The British troops in Flanders attacked the Germans this morning on a front of about six miles, northeast of Ypres. They are reported to be making satisfactory progress. Rain fell heavily during last night.

The official report from Field Marshal Haig's headquarters today reads: "We attacked at 5.25 o'clock this morning on a front of about six miles, northeast of Ypres. Our troops are reported to be making satisfactory progress. Rain fell heavily during the night."

Field Marshal Haig's latest effort is being pushed in the same region as the attack of Tuesday, in which the British, in co-operation with the French, drove back the Germans along a front of seven miles and captured more than 2000 prisoners.

It is probable that the present effort is an attempt to clear the Germans from the remaining portions of the dominant ridge east of Ypres. Tuesday's attack gave the British more ground on the ridge and left the Germans with only a small section in the region of Passchendaele. The British now hold most of the good positions on the ridge, from which they dominated, with their artillery the important Roulers-Menin railroad and the railroad towns of Roulers, Staden and Menin.

Apparently the present drive is being made under weather conditions similar to that which existed Tuesday. Following several days of heavy rain, Field Marshal Haig threw his men forward and surprised the Germans, who did not think the British would attempt to attack while the battlefield was waterlogged.

Germans Desperate, Throw Gas at British.

British Front in France and Belgium, Oct. 12.—At an early hour today British troops, which began an attack in Flanders this morning, had penetrated several hundred yards into the enemy's territory on a six-mile front from near Houtholst wood to a point below the Ypres-Roulers railway, and were battling along the Passchendaele ridge within 1000 yards of the center of the village of Passchendaele.

By 7.45 o'clock this morning reports were received that everything was going well with today's British attack in Flanders. The troops along a wide front had pushed forward to a depth averaging 800 yards or more. Prisoners were beginning to come in early, although slowly, owing to the condition of the ground.

Indications are that the Germans early were aware that trouble was impending as about 4 a. m. a large number of gas shells were fired by them along the British front.

Last Night Marked by a Great Activity

Paris, Oct. 12.—"The night was marked by great activity of the artillery and by a series of German efforts at various points on the front," says today's official statement. "West of Cerny we repulsed an enemy attack, while a detailed operation carried out by us north of Noisy farm enabled us to bring back prisoners. An enemy surprise attack west of Malson de Champagne and three German efforts in the region of Amelrovo and Souain came to nothing."

"On the right bank of the Meuse (Verdun front) artillery fighting continued in the region of Bezonvaux."

By 7.45 o'clock this morning reports were received that everything was going well with today's British attack in Flanders. The troops along a wide front had pushed forward to a depth averaging 800 yards or more. Prisoners were beginning to come in early, although slowly, owing to the condition of the ground.

Indications are that the Germans early were aware that trouble was impending as about 4 a. m. a large number of gas shells were fired by them along the British front.

Last Night Marked by a Great Activity

Paris, Oct. 12.—"The night was marked by great activity of the artillery and by a series of German efforts at various points on the front," says today's official statement. "West of Cerny we repulsed an enemy attack, while a detailed operation carried out by us north of Noisy farm enabled us to bring back prisoners. An enemy surprise attack west of Malson de Champagne and three German efforts in the region of Amelrovo and Souain came to nothing."

"On the right bank of the Meuse (Verdun front) artillery fighting continued in the region of Bezonvaux."

431,180 NOW IN NEW NATIONAL ARMY

(By Associated Press)

Washington, Oct. 11.—The number of men in the new national army called is 431,180. Secretary Baker in making these figures public said that the shipment of clothes had kept pace with the men. The largest camp is at Camp Funston, Kansas, where there are 39,533 men and Camp Devens at Ayer is filled with 33,090.

MORE RESIGNATIONS IN GERMANY

(By Associated Press)

Amsterdam, Oct. 12.—Vice Admiral Von Chapelle, Minister of Marine, has resigned according to dispatches from Berlin. After his announcement in the Reichstag of the mutiny in the navy on this accusation that the Socialists were responsible, he has been under heavy fire from the socialist papers.

The first evidence of the German naval mutiny was seen on a battleship of which the captain is a noted bully. A sick man who had refused to work, was brought before the Captain and placed under arrest. The next day a delegation of the sailors called upon the Captain and ordered his release. When questioned it was learned that they had formed a sailor council similar to that of the Russians. Later they were placed under arrest and considerable printing matter found.

NEW YORK'S GREAT WATER SUPPLY

(By Associated Press)

New York, Oct. 12.—New York city received its first water from the Catskill Mountains today when Mayor Mitchell accepted a public fountain in Central Park and turned on the water, which will give New York 300,000,000 more gallons of water a day. The water system with its line 129 miles has been completed a year ahead of time and for \$7,000,000 less than was estimated.

GIBBONS ADVOCATES UNIVERSAL TRAINING.

Washington, Oct. 12.—Proposed legislation to include in the selective draft law, young men between the ages of 19 and 21 is endorsed in principle by Cardinal Gibbons in a letter addressed to H. H. Sheets, secretary of the National Association for Universal Military Training and made public here today.

"The legislation," the cardinal wrote "will benefit them morally as well as physically, and help to prepare them for their avocations, or, if necessity arises, for the sterner needs of war."

The local banks state that they have a good steady business in the new liberty bond issue, but that it has not increased considerably to make up the apportionment. The first issue of the bonds are here and are being distributed.

SEVENTEENTH BIRTHDAY ANNIVERSARY

Miss Annette Barrett Entertains Friends on Natal Day.

This city has been the scene of many socialities the present summer and fall, but by general accord at least among those who were present at the latest gathering, none could exceed in pleasure and interest the assemblage of last Thursday.

The scene was at the home of Mr. and Mrs. James W. Barrett of No. 27 Rock street, the event being the 17th birthday of their daughter, Annette, when a few of the friends and relatives gathered to do honor to the occasion. Her mother assisted in receiving her friends and all that know them know that there was not a dull moment during the day.

After the congratulations were over, a substantial dinner was served in the dining room which was beautifully decorated for the occasion. The center of the table was graced with a fine birthday cake decorated with seventeen candles. Miss Annette cut the cake and distributed the same among her friends. The afternoon was very pleasantly spent and it was late before the thought of departure intruded to break up the gay gathering, all wishing Miss Annette many more happy birthday anniversaries.

U. S. MARINE OFFICERS ARE PROMOTED

The following officers on duty at the naval prison have been promoted as follows: Second Lieut William F. Shalheiser, to first lieutenant from June 15; to captain from June 16; Second Lieut. Henry A. Rickers, to first lieutenant from June 15; to captain from June 16; Second Lieut. Edward P. Oliver, to first lieutenant from July 25; Second Lieut. Bruce Gooch, Jr., to second lieutenant from Aug. 16.

Captain Rickers was attached to the naval prison during 1913-1914 and has since been on a tour of foreign duty in Mexico and Haiti. His many friends will be glad to hear of his rapid promotion to the rank of captain.

RED CROSS BUSY IN RYE

The Rye Red Cross continues to increase its band of workers, and faithful workers they are, too, as the boxes of completed articles which are ready to send today to headquarters testify.

There are now 108 knitters and in one month's time have finished 42 sweaters, 25 mufflers, 11 helmets, 14 wristers and 34 pairs of service socks or 126 knitted articles.

At the eight afternoon meetings during the last month the following garments have been completed: 36 surgical shirts, 11 pairs pajamas, 11 shoulder wraps. Over 600 surgical dressings have been sent during the month and a large number of oakum pads and bandages.

The members are now working to get off a box of comfort kits by the last of the month. Already sixteen have been turned in to Miss Helen Drake, who has charge of that work, and many more are promised. The kits which have come in contain many useful articles and will surely remind the boys at the front that he is not forgotten by friends at home.

Citizens of Rye have a just right to be proud of the spirit of patriotism with which all calls for service have been met.

In the first Liberty loan drive, the people generously responded. Then came the Red Cross War Fund drive with its allotment to Rye of \$1000, but when the final day came, \$3,500 was the sum contributed. The War Library fund reached a sum over twice the amount asked for; \$50.47 was the sum apportioned to the town and \$111.87 was the sum received and sent by the librarian, Miss Helen Drake, to the state librarian, Mr. Chase, at Concord.

Contributions to the Red Cross Branch since it was established here last July have been nearly \$1000, and the amount contributed to the committee on surgical dressings has been over \$1,000.

Considering the fact that since the very beginning of the war when first came the appeal for Belgian relief, followed by the work done for the French wounded, the women of the town have assumed a serious responsibility and with great self sacrifice and untiring energy and faithfulness they still continue in their devoted desire to serve

the men who must go to the firing line and to relieve the suffering of the wounded in the hospitals who have been "over the top."

It is the desire of the Rye women to provide for the town's boys who have gone or who are about to go into the service. It is hoped that no one has been forgotten, but if such should be the case, if it is reported to any member of the local branch the matter will receive immediate attention.

RUTH D. DRAKE, Chairman.

PATRIOTIC MASS MEETING AT MUSIC HALL

A patriotic mass meeting will be held at Music hall on Thursday evening, Oct. 18th at 8 o'clock in the evening.

There will be addresses by Hon. David L. Walsh, ex-governor of Massachusetts and two other out of town speakers whose names will be announced later in the daily press.

All citizens are urged to attend and show by their presence their patriotism and their interest in the great affairs of the day.

Music by the band of the U. S. S. Montana and by a male quartet.

The Myopia drug hunt over the North Hampton and Rye course will not be held this year owing to the fact that a number of those who usually participate are in the United States service.

The practice made by some of the workmen of taking the morning Chronicle from the doorways of stores on Congress street is causing complaints from storekeepers and unless the practice is stopped some of the offenders may be brought into court. It certainly seems rather small business when men earning good pay, purloin papers to save two cents.

THE HERALD HEARS

That the recent visit of James E. French of Moultonboro to this city caused considerable speculation in certain quarters.

That old dog Tray was immediately dispatched to ascertain and learn the occasion of the visitation.

That the report brought back was not satisfactory to his master.

That Mayor Ladd will seek a third term.

That Joseph Fats of Jackson street raised a potato in his war garden at the almshouse field that is attracting much attention.

That the tuber is a correct representation of an elephant, with trunk included.

That Corporal George Hatt's appeal for smokes at Camp Devens was quickly answered.

That the members of the Little Bowery A. C. are anxious to play Sunday football, the proceeds to go to the drafted men from this city.

That some interesting cases are scheduled for the October term of the superior court which convenes here on Tuesday next.

That the thrifty housewife is a busy person these days making her preserves and other table delicacies.

That a Greenland farmer has 1200 bushels of potatoes that he intends to hold for a high price.

ANNOUNCE ENGAGEMENT

Major and Mrs. Fernando W. Hartford announce the engagement of their daughter, Miss Emma Helen to William Alfred Nelson of Ansonia, Conn. Mr. Nelson is the president of the Ansonia savings bank and has many friends in this city.

NOTICE

Dr. M. I. Roger is now located at 115 Middle street.

PORTSMOUTH HOSPITAL DONATION DAYS

The annual donation days for the Portsmouth hospital will be on Tuesday and Wednesday, October 16 and 17, from two until five p. m. when a committee of directors will be at the Nurses' Home to receive gifts. All kinds of vegetables, canned goods, groceries, sheets, 63x55, pillow cases, infants' clothes, napkins, toy cloths, and in fact anything suitable for hospital use will be most gratefully received.

As the running expenses of the hospital are increasing so rapidly, the directors feel the importance of impressing on the public the fact that even the smallest donation in supplies or money will be welcome.

The hospital will be open to visitors from two to five on these days.

SUNDAY EVENING AT THE NORTH CHURCH

The speaker at the North Church on Sunday evening will give an address of special interest to all Bible students illustrating the subject with stereopticon views. He will also present material on the region of the Tigris river where the eastern battle front is located. Dr. Banks is a widely known explorer and in constant demand by colleges, churches and the Y. M. C. A.

LISTEN!

The Jazz Band announced for appearance in Pelcor Hall, Wednesday evening, Oct. 17, is not the aggregation of musicians which played here last spring under the name of the Chateau Orchestra.
